## Introducing Hestan Outdoor, for those who have an obsession with perfection.

We tinkered, tested and tweaked until we came up with the most powerful and reliable grill available. 25,000 BTU burners deliver the perfect sear. Ceramic radiant briquettes minimize flare-ups. We laser cut our grates in-house for heavy-duty reliability. And the built-in rotisserie really works (really well). And since we're perfectionists, we build each and every grill from scratch at Hestan Headquarters in Anaheim, California. We wouldn't entrust our recipe to anyone else.
